### Mystery Can 4.95

Limited stock clearance. Can / Bottle. Various Abv. ?/100

Some of our beers can be hard to track down, so sometimes we may have limited availability. Apologies. We do regularly stock a variety of guest beers and ciders. Please speak to us for more info.

Cans? Mostly because they protect against UV light better than a bottle, giving you a crisper, fresher tasting beer. Oh, and they're much better for the environment. Win-Win.
